OLIVER WINS JOB ON CONDITION

After Conference at the White House Bangs Is Eliminated.

HIS BID WAS THE LOWEST MADE

Bangs, Who Bid With Oliver, Is Turned Down, and the Winner Must Arrange to Complete the Job without the Aid of Bangs.

Washington, D. C., Jan. 28.—As the result of an extended conference at the white house Friday night, it was decided to reject the bid of Oliver and Bangs, who propsed to complete the construction of the Panama canal for 6.75 per cent of the total estimated cost, in so far as Anson M. Bangs, of New York, is concerned.

While no official statement was given out, it can be authoritatively stated that if William J. Oliver, of Knoxville, Tenn., can enter into a satisfactory arrangement with some other contractor, who is financially responsible, he will be given the big contract.

The fact that the MacArthur-Gillespie company, of New York, whose bid was 12.5 per cent, was represented at the conference, leads many to believe that a combination may be formed between that firm and Oliver. It is known that the MacArthur-Gillespie company has convinced President Roosevelt and Secretary Taft of its responsibility and the canal commission officials are satisfied that Oliver is able to carry out his end of the agreement. There would have been no question as to awarding the contract to Oliver and Bangs had the credentials presented by Bangs proven as satisfactory as those furnished by Oliver.

The decision means that Mr. Oliver will be given a chance to take some other contractor into partnership. The canal commission, with this requirement met, will not undertake to dictate to him who this contractor shall be.

The rejecting of all bids was discussed at the cabinet meeting and this decision had been practically agreed upon before the conference. If Mr. Oliver refuses to consider the contract after the rejection of Mr. Bangs, the canal commission will issue a call for new bids.

Anson M. Bangs, of New York, Mr. Oliver's associate, was the contractor for the Soo line canal locks. Mr. Bangs is a brother-in-law of Jno. F. Gaynor, of the firm of Greene & Gaynor, who were implicated with Captain Oberlin M. Carter in the Savannah harbor frauds. This fact, however, it is stated, had no influence with the canal commsision.

After the cabinet meeting Mr. Oliver left for New York and it is admitted by his representatives that he will ask the MacArthur-Gillespie company to join him in submitting a proposal in place of the bid submitted under the firm name of Oliver & Bangs. It is stated that a compromise arrangement will be considered by the canal commission, provided Mr. Oliver succeeds in making a satisfactory arrangement with MacArthur-Gillespie company to pay 9 per cent of the total cost for the construction of the canal.

Go to Royal Party.

London, Jan. 28.—The Berlin correspondent of the Mail, in discussing the German elections says the revolt against socialism can only be attributed to the tardy popular realization that the party reeks with hypocrisy, while the internal dissensions manifested at the annual congress has driven away thousands of voters who formerly supported the party as the best means of expressing censure of the government. These voters seem to have gone to the Royal party now.

Negro Shoots a White Man on the Public Road.

LaGrange, Ga., Jan. 28.—W. M. Morris, aged 23, an employee of the Chattahoochee Valley railroad, while returning home from LaGrange on a bicycle, met a strange negro in the road near Gabbettville. The negro wanted to sell a pistol. After looking at it, Morris informed the negro he did not have the money with him, but would buy it if he would bring the pistol to his house in Lanet. The negro claimed the reason he would sell the pistol so cheap was he wanted the money to go to Birmingham.

Mr. Morris mounted his wheel and started home when the negro fired at him, hitting him twice. Mr. Morris then dismounted and shot at the negro six times, but does not know whether he hit him or not.

Mr. Morris' wounds proved fatal, as he died about 12 hours later.

The negro escaped. Sheriff Florence and posse is now in pursuit.

Finally he jumped on to the engine, and, missing his footing, fell off and under the wheels of the engine, every wheel passing over his body and cutting him half in two, causing his death instantly. Rockett was a well known hotel [illegible]per at Republic, Ala.

500 LIVES WERE ENDANGERED BY FIRE

Many Badly Injured by Jumping From Windows.

IS THOUGHT MANY LIVES LOST

Fire Started in Split Room of Cotton Factory and Spread Rapidly to the Other Departments—Several Operatives Are Missing.

Dover, N. H., Jan. 28.—The lives of 300 to 500 employes in the large 5-story No. 1 mill, of the Cocheco Manufacturing company were imperiled by a fire that swept through the structure with great rapidity shortly after all the hands were at their places Saturday. Many were hurt by jumping from the fourth story windows. One man, who, with four others, was carried down an extension ladder from the fifth floor, reported that as he groped his way to the window he stumbled over several prostrate forms. The mill buildings seemed doomed at 8:30 o'clock, but the firemen were confident of preventing the spread of the flames to adjoining structures.

Two of the men who jumped from the fourth floor were taken to the hospital seriously hurt and a dozen of the others were treated for hurts of a less serious nature.

The seriously injured:

William Turner, mule spinner, a broken hip; James Ashton, a mule spinner, both legs broken.

The fire started from a hot box in the split room and before the employes could make an effort to extinguish it the flames spread to the spinning room, and swept through the big mill. There were no fire escapes in the place and the panic stricken employes made a wild rush for the exits. Those on the lower floors generally, managed to get out through the doors or the windows, but those of the fourth and fifth floors were not so fortunate.

Employes on the fifth floor rushed to the fourth in large numbers and finding that smoke and flames cut off their exit down the stairway, many leaped from the windows to the frozen ground.

Some of the cooler headed ones remembered there were ropes in the room placed there for emergency, and attaching these to the window frames, slid down rapidly, burning the skin off their hands in so doing.

While the firemen were busy in getting their forces into an advantageous position for fighting the fire and helping out the people on the lower stories, four men crouched at an open window on the upper floor gasping for air for nearly two hours before they were discovered. An extension ladder was raised, but the imprisoned men were nearly unconscious from the smoke when rescued.

James Connors, one of these men, stated that he had stumbled over what he believed to be unconscious persons.

The report of the loss of life had not been verified by the police at 9:30 a. m., but there were rumors that several of the operatives were missing.

Lynching May Follow Attempted Assault at Lanett, Ala.

West Point, Ga., Jan. 28.—Neighbors living near the residence of N. B. McPherson, in Lanett, were aroused about midnight by cries of help from Mrs. McPherson.

Responding, they found Will Ayes, a negro hotel porter, in her home, and three other men who were with him, making their escape. When questioned about what he was doing there, Ayes said if he told he was afraid he would be lynched. He was brought to the city jail in West Point for safekeeping.

There was no one in the house with Mrs. Fitzgerald except Mrs. Crowder's little 6-year-old daughter. Mr. McPherson and son, Albert, are in Atlanta, where he has a contract for building a big sale stable. They have been 'phoned to, and will arrive as early as possible.

Ayers has been transferred to jail in Lanet, Ala. He may be summarily dealt with.

Negro Burns Woman to Death.

Mobile, Ala., Jan. 28.—News received here from Gulfport, Miss., says that a double crime was committed in Soria City, near here Friday night by Will Simth, negro, of Scranton, Miss., who burned to death "Pinkey" Tigg with whom he formerly lived. The woman is said to have come here from Scranton to get rid of Smith, who followed her. Neighbors were excited by piteous cries for help coming from the woman's home, and rushing to the scene they found the building in flames, but were prevented from rescuing her by Smith, who stood guard in the doorway until the walls began to totter. The dead woman is thought to have been tied to a chair, as she continued to scream for help until dead. When the officers arrived on the scene of the fire Smith was telling a tale of how he had been sleeping and awoke to find the house ablaze. He is now in a steel cage at the county jail.

Was Literally Roasted Alive.

Augusta, Ga., Jan. 28.—George Crawford Rhodes, a middle-aged man of prominent family, fell into the fire at the home of his sister, Mrs. W. C. Boykin, where he resides, on Upper Green street, and was literally roasted alive. He had been a coned for the night he got up and was in a feeble condition. After the nurse had put him to bed and departed for the night he wat up and was seated before the fire in a rocking chair. The family was all downstairs, and scenting smoke, rushed to the room where they found the unfortunate man on the floor enveloped by flames. It is supposed his sleeve caught fire while he was attempting to place coal on the fire. The doctor was summoned, and the injured man was rushed to the city hospital, where he died within an hour.

"Its acquirement is the result of a broadening scope of the company's plans.

JURORS ARE TREATED SAME AS PRISONERS

All Their Mail Is Opened Before Given to Them.

STATUS OF THE THAW TRIAL

Thaw's Wife and His Mother Do Not Notice Each Other—Gossip Says That There Has Been a Serious Family Disagreement.

New York, Jan. 28.—Three days of the trial of Harry K. Thaw have passed and the network of all this time has been the selection of seven jurors. To get these seven jurymen 110 talesmen, half of the panel drawn, have been examined. While the lawyers engaged have got so that the examination of the talesmen consumes the time that was taken in the early stages of the trial, the talesmen themselves have become more weary, apparently and the excuses put forward for not serving are varied and ingenious. It is possible that the remaining five jurors needed will be found in the 100 talesmen still awaiting examination.

The chief reason for the general desire not to serve is probably found in the order of Justice Fitzgerald practically locking the jurymen from the time they are drawn until the trial is over. This is an unusual proceeding and as most of the talesmen are active business men, involves possible financial loss besides the hardship.

About the only physical exercise the jurymen selected enjoy or are likely to enjoy for some weeks is that little walk twice daily by court officers to and from the Broadway Central hotel and the court house. The men are practically prisoners. The men spend the evening in chatting until they retire.

Every letter that is sent to the jurors is read by Police Captain William J. Lynch, who has immediate personal charge of the jurymen. This is not done with the mail of prisoners in the Tombs. No newspapers that have in them any reference to the trial or tragedy are permitted to be read by them. Captain Lynch cuts out the parts of these papers that refers to the case and the jurrors have to be content with his censorship. Even the books and magazines are subjected to the same sort of scrutiny.

The men are comfortably housed at the hotel, 17 rooms, with baths, and a private dining room, having been engaged for them. The jurors so far selected are taking the situation in a philosophic way, and most good natured way.

The plans of the defense, while they have not definitely developed are still believed to be those which have been generally prophesied—emotional insanity, and an appeal to the so-called" higher law." Only the faintest indication in this direction has appeared at the trial thus far, and that was Friday when Clifford W. Hartridge, chief counsel for Thaw, asked a prospective juror this question:

"Would you take into consideration all the evidence tending to show the condition of this man's (Thaw) mind at the time of the killing of Stanford White?"

There were rumors in the court Friday that there had been a serious disagreement among the members of Thaw's family.

The reports started when Harry Thaw's wife and Miss Mackenzie, her constant companion, arrived at the court house some time before Mrs. William Thaw, and Mrs. Carnegie, mother and sister of the prisoner. The gossip was intensified when it was noted that though Mrs. William Thaw sat near her daughter-in-law, the two apparently took no notice of each other all through the day. Lawyer Hartridge, when his attention was called to the gossip, took occasion to deny that there had been any disagreement between the members of his client's family.

WEST COAST TRAINS.

Were Run via Gainesville, Owing to Repairing of Tracks on That Division.

The trains of the West Coast division of the Atlantic Coast Line have been running via Gainesville for the past two or three days, owing to the fact that the tracks between Archer and High Springs, which have been badly in need of repair, have been torn up and are being placed in first-class condition.

The Atlantic Coast Line seems to be trying to do what is right by the public, but the facilities of the great system have been so inadequate during the heavy winter traffic that the tracks and rolling stock have been allowed to run down. Every effort has been made to remedy these imperfections, however, and gradually this division and the West Coast division of the Atlantic Coast Line will be in first-class condition for the accommodation of the traveling public.

SKEPTICAL PEOPLE

Who Question the Authenticity of Vinol Testimonials Should Read the Following.

Last season we published a letter from the Rev. Geo. W Ruland, Keene, N. H., in which he stated that he did not believe there was any other medicine which could equal the health-restoring and strength-creating properties of the cod liver oil preparation, Vinol, as it had done for him more than was claimed for it.

The authenticity of this statement was evidently doubted by a resident of New Haven, Conn., as the following correspondence would indicate:

Rev. Geo W. Ruland:

Dear Sir—Will you kindly inform me if the enclosed Vinol testimonial from you is genuine, and greatly oblige Yours respectfully,

E. L. AUSTIN.

250 Orchard St., New Haven, Conn.

(Rev. Geo. W. Ruland's reply.)

Mr. E. L. Austin:

Dear Sir—Replying to your courteous inquiry, I take pleasure in saying *Yes*, the testimonial is genuine, and I would add more emphatic words to express my confidence in Vinol as a blood and nerve tonic and a safe restorative. Yours respectfully,

GEO. W. RULAND.

Our local druggist, W. M. Johnson, says: "Vinol is simply the medicinal elements of cod liver oil in a concentrated form, the useless oil eliminated and tonic iron added, and if it fails to create strength and health for run-down, debilitated people, old people, weak, sickly women and children, nursing mothers, and after a severe sickness, or if it fails to cure a hacking cough, chronic cold, throat or bronchial trouble, we will return every cent paid for it."—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

PREMEDITATED MURDER.

Horse Kicked a Mule in Jaw, From Which the Animal Died.

There is a pathetic animal story which comes to The Sun from Attorney George Scofield, who is grieving over the loss of a mule from the effect of a kick from a horse.

Mr. Scofield states that the mule and the horse were housed together. The horse manifesting displeasure at the mule's company, made an attempt to end the latter's life by kicking, which was successful, as the horse landed a hard blow with its foot on the mule's jaw, which put the said mule out of business in about two minutes.

The mule was a very valuable animal, and Mr. Scofield declares that it was nothing more than premeditated murder.

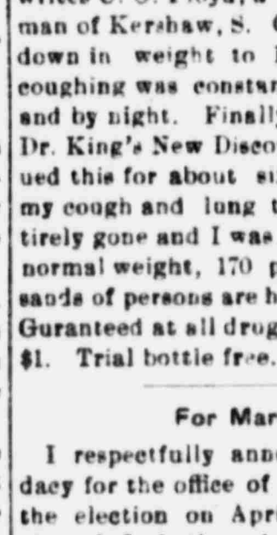
The Cause of Many Sudden Deaths.



There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE CULPEPPERS CREATE INTEREST

Immense Crowds Still Gather at Church to Hear Them.

STIRRING SUNDAY SERMONS

House on Sunday Evening Packed to Such Extent that It Was Impossible for All to Secure Seats—Sunday Afternoon's Address to Men.

If Gainesville has been stirred by a religious revival for the past twenty years, it has been stirred during the past week by the great evangelist Rev J. B. Culpepper, and his son, Burke, who has so ably assisted him in the work.

Through an invitation of Rev. T. J. Nixon, pastor of the First Methodist Church in this city, who probably felt the need of a revival, Mr. Culpepper, who had been conducting a series of meetings in Jacksonville, consented to come here, and a week ago today he began his series in the First Methodist Church.

The story of his success has been told from day to day in The Sun. No minister of the gospel ever worked with greater energy and greater earnestness here than Mr. Culpepper, and the result has been most satisfactory to the religious people of Gainesville.

Every day the crowds have been growing larger at each service, and the Methodist church, which is the largest in the city, was confronted by a serious problem as early as Thursday night, when it was seen that the seating capacity was becoming inadequate, and that at every service more and more people were compelled to stand With this fact before them, the committee in charge borrowed all the chairs in the vicinity of the church, but still the seating capacity was inadequate, and eventually it became necessary to press into service the park and lawn benches of those who would consent to let them go.

The congregation at the First Methodist Sunday morning was unusually large, but Sunday evening reached a great deal more than the limit, when a half hour before the hour of service all chairs and improvised benches were filled, and hundreds of persons were standing in the aisles and about the building, unable to secure seats. It was considered indeed fortunate to gain admission to the building, regardless of the comfort of securing a seat. As a result, many were compelled to attend other places of worship, and were disappointed at being unable to hear the famous Culpeppers.

The meeting was opened with the usual song service, which was followed by prayer, after which Burke Culpepper delivered a stirring sermon on the subject, "The Way of the Transgressor Is Hard." This eloquent and impressive orator, who is full of vigor and manhood and earnestness, held the attention of the congregation for three-quarters of an hour, and at the conclusion a score or more, among whom were a number of young men, professed the faith and determination to lead a better life.

At the conclusion of the regular service, by special invitation of the elder Culpepper, who stated that there was going to be a short meeting which would prove a regular love feast, nearly every person present remained. In this meeting Rev. Culpepper and others talked, earnestly imploring the audience to quit the worldly life and come to God—to be Godly and righteous. In response to this appeal there were several who publicly expressed themselves as being determined to lead better lives in future. Nearly a hundred went to the altar and asked to be prayed for.

In the afternoon, according to announcement, the elder Culpepper delivered an address to men only in the court house. The main court room and galleries were packed, and those who came at the hour appointed found every seat occupied, and standing-room at a premium.

The address of Mr. Culpepper upon this occasion was one full of earnestness, during which he appealed to the men and boys to quit their waywardness and turn to God. The lecture was one which impressed those who heard it, and accomplished a great deal of good.

Services will be continued this week at 10 a. m. and 3 and 7:30 p. m.

Constitutional Amendment Rejected.

Belfast, Ireland, Jan. 26.—By the overwhelming majority of 835,000 votes against 90,000, as represented by the delegates the labor council rejected an amendment to the constitution, the effect of which would have been to transform it into an avowedly socialistic organization. The proposed amendment was contained in a resolution suggesting the insertion of the following new "object" into the constitution: "This annual conference hereby declares that its ultimate object shall be the obtaining for the workers the full results of their labors by the overthrown of the present competitive system or capitalism and institution of public ownership and control of all means of life."

Murder Trial of Boy.

Rome, Ga., Jan. 26.—Elmer Mahan, who killed Wilson Kennedy, on last Saturday morning at the Rome Plow factory at this place, by striking him on the head with a plow handle, has been indicted for murder by the grand jury, and will be tried this week, in Floyd superior court. Mahan is only 13 years old, and will be the youngest person ever tried for murder in this county. Kennedy, whom he killed, was only 18 years of age. The trial, on account of the youth of the parties to the case, will be quite an interesting one. The killing grew out of a very trivial affair.

Wise Counsel From the South.

The first bottle gave me great relief and after taking a few more bottles I was completely cured—so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at all drug stores. Price 50c.

Negro Is Given Three Years.

On January 13 Little shot and killed Joe Lumpkin, another negro boy, for refusing to give him a piece of pie.

NOVEL CURE FOR COLDS.

Healing Medication That is Breathed, Giving Quick Relief.

It seems just as ridiculous to put medicine into the stomach to cure a cold in the head or lungs as it does to go out in the rain if we want to keep dry.

The fact that many people right in Gainesville cough and hawk and snuffle for days and weeks after they treat a cold with the usual stomach dosing, shows how valueless are the ordinary cough and cold cures.

The right way to cure a cold in the head or a cough and irritation in the throat and lungs, is by breathing Hyomei's medicated air. Put a few drops of Hyomei in the neat pocket inhaler that comes with every outfit and breathe this healing air for a few times and immediate relief will be noted. The medication goes right to the spot where the disease germs are located and renders them harmless in the future.

At the same time the soothing and healing effects of Hyomei on the irritated mucous membrane give quick relief, and the cough or cold is broken up.

The best evidence of the great value of Hyomei in curing coughs, colds and all bronchial troubles is the fact that J. W. McCollum & Co. give an absolute guarantee with every outfit they sell, that if it does not give satisfaction the money will be refunded.

A complete Hyomei outfit, consisting of a bottle of Hyomei, the inhaler and a medicine dropper, costs but $1, while extra bottles of Hyomei, if needed, can be obtained for only 50c.

Yearly Sessions Not Desired

Montgomery, Ala., Jan. 26.—The senate refused to take from the adverse calendar the bill of Senator Lusk providing for annual sessions of the legislature. It also developed that there was little sentiment in that body for annual sessions.

DOUBLE TRAGEDY OVER DEBT.

Powell Kills Melton, and in Turn Is Shot Down.

Alexandria, La., Jan. 28.—O. S. Powell, 43 years of age, a tomstone drummer from Georgia, with relatives at Hawkinsville and Atlanta, that state, shot and killed P. T. Melton, 24 years old, at Moore station, near here, and in turn was killed by W. J. Melton, brother of thevictim. The dual tragedy grew out of a small debt Powell owed to the mother of Melton's boys for chickens and turkeys. Mrs. Melton threatened Powell with violance at the hands of her sons. The two Meltons later visited Powell's home, and asked for an explanation. Powell, after some sharp words, whipped out a revolver and shot P. T. Melton, who fell dead in his tracks. W. J. Melton then came to his brother's aid, and riddled Powell with Winchester rifle bullets.

Before falling, the tombstone drummer got in three shots at W. J. Melton, all going wild.

Ask 15 Per Cent Wage Increase.

Philadelphia, Jan. 28.—Following the success of the upholstery weavers in the east, they have received a 11 per cent in pay, the cloth and weavers' union has decided to ask for 15 per cent in pay, the cloth and committee was appointed to draft formal demand for the increase and this demand will be sent to the mill owners in a few days. The cloth and dress weavers' union numbers about 12,000 men, who are employed in 50 mills. Eight mills have granted the increase and the others are expected to follow suit within a week. The cotton and woolen goods weavers, it is expected, will also make a demand for a 15 per cent increase. Others branches of the textile trade will also follow the lead of the upholstery weavers.

Fatal Fight at Abbeville.

Abbeville, Ga., Jan. 28.—As the result of a schoolboy fight, which occurred at the Georgia Normal college here, two are fatally wounded and two seriously, if not fatally. A difficulty ocurred at the campus of the college between two young boys, which resulted in young Lamar Carswell being considerably used up by some other boys at the school. It seems that E. L. Carswell, the father of Lamar, took exception to this, and he and W. B. Carswell, with their boys, went to meet those boys who were engaged in the difficulty, and, it is stated, that they met several of them as they were returning late from school and began to make efforts to chastise them.

Engine Alone Stays on Track.

Poulan, Ga., Jan. 28.—Train No. 95, eastbound, leaving Albany at 1:56 p. m., was wrecked 6 miles east of this place, between Sumner and Ty Ty. The train, consisting of a mail and baggage car, an express car and two vestibuled day coaches, turned completely over, the engine alone remaining on the track. Although the train was full of passengers, they miraculously escaped with slight injuries. The accident is thought to have been caused by the spreading of the rails.

Negro Killed by Sheriff.

Americus, Ga., Jan. 28.—A negro named Moses, and wanted at Seale, Ala., was shot several times by Sheriff Lumpkin, of Schley county. In attempting his arrest Moses was concealed in a dwelling and opened fire upon Sheriff Lumpkin with a revolver when the officers entered the door. The four bullets from Moses' revolver all missed Sheriff Lumpkin, who fired in return, every bullet taking effect in Moses' body. The negro will certainly die, if not dead already, as he fell at the first shot from Lumpkin's revolver, which entered his breast.

The southern iron committee held a special meeting at Palm Beach and heard the complaints of the iron makers, but decided to stand by the original action and put the increase into effect Feb. 1.

Senators Foraker and Tillman seem to be in thorough accord, but they are not in accord exactly the same way.

It is to be hoped for Mr. Harriman's ease of mind that he does not believe all the things that are printed about him.

About the only person in the Northwest who seems to persistently discredit the reports of a fuel famine is Mr. James J. Hill.

One of the recent presidential nominations for postmaster at Pikeville, Ky., was Mr. Offa Stump. He probably got his job as a reward for having been on a stump.

Some of the professional politicians in New York who took enthusiastically to the stump for Governor Hughes are wondering now if they won't have to take to the woods.

It is announced that one of the scientists of the Geological Survey, by distilling lime and quicksilver together, managed to obtain quick-lime and free silver. Col. Bryan ought to look into this.

Railroad officials say the block system is all right, if the engineers would only attend to it. How would it do to have some officials who would hire some men for engineers who would tend to it.

Two widows have now appeared to claim the remains of the man who threw that bomb into the Philadelphia bank. According to all accounts of the diaster there will be hardly enough remains to go around.

The tin can trust has just marked up prices from 15 to 18 per cent. Everyone who eats canned food, or the farmer that supplies his products to a cannery, will help to fatten the barons that control the trust, and of course it is protected by the tariff.

The leather trust advises its customers that they may expect to pay advanced prices for leather in the future. This will hardly surprise the American people as much as the fact that they are already paying higher prices, and have been for some years.

"County division" is now agitating the minds of the people of Volusia county. It seems that the East Coast portion desires to be cut off from the inland portion and made a separate county. It is to be regretted that the good people of Volusia cannot dwell together in unity.

All the State Legislatures now in session are considering the possibilities of getting some redress for railroad abuses without waiting for Congress to act, and yet the Republican States have almost without exception elected and re-elected Senators who are known to be friendly to the railroads.

Senator Beveridge proposes to help along the scheme for a popular edition of The Congressional Record by including a lot of illustrations with his next speech. It is somewhat remarkable that the young Senator should think anything necessary to popularize The Record when it has one of his speeches in it.

LOCAL TRAIN NEEDED.

The schedule of the Atlantic Coast Line, which has been in effect since the through trains have been inaugurated via Gainesville, have proven of great disadvantage to the people of this section, as far as local conveniences are concerned. It must not be inferred from this remark, however, that the people do not appreciate the through train service, but the manner in which trains are now operated have proved a great detriment to the commercial interests of this city, as well as a source of inconvenience to people along the line between Gainesville and High Springs, and on the Newberry division as far west as the line now runs, which is almost to the Suwannee river.

There was a time when parties in the territory named could come to Gainesville, spend the day trading or transacting other business, and return to their home the same day. As the schedule now is this is impossible, as it is necessary for visitors here to spend the night. No attempt is made at connections at Burnett's Lake from the West End, and passengers are put to a great deal of inconvenience, time and expense.

As matters now stand, parties residing in the West End who desire to visit Gainesville must take the train to Newberry and hire a team, driving back to Newberry for their train. Parties from High Springs and intermediate points are compelled to remain over here all night if the business for which they are called here requires more than an hour or two, hence the trade between the points has been considerably decreased.

What the public want, and what it should have, is an accommodation train between Gainesville and High Springs. This train could leave High Springs at a reasonable hour in the morning, connect at Burnett's Lake with the train of the Jacksonville and Southwestern, and arrive here in plenty of time for visitors to transact their business and return in the afternoon.

It is to be hoped that the Atlantic Coast Line officials will see the need of such a train, which would not only pay them handsomely, but be an accommodation to their patrons.

The acquittal of F. J. O'Harra in the United States Circuit Court for the second time of the charge of peonage should be sufficient to cause the dismissal of the other four cases against him. His trial upon the other charges will simply subject him to further annoyance and expense, and this the government should not be a party to.

The horse stands tethered by a slender cord which his muscle could easily sever, until he starves in the midst of plenty. That horse endures the tether, for he is conscious of no range beyond its reach. And there are thousands of young men who have never yet discovered themselves—they do not know the compass of their powers.

In order to keep the records straight Russian officials now file their laudatory obituary notices along with their application papers in the appointment division.

It must be heartrending for the President to have invitations to deliver more speeches than he can possibly have time to accept.

SERMONETTES

BY J. MARVIN NICHOLS.

The dearest friend may utterly destroy your aim if perchance he touches your bow string when you have the arrow on the feather. It is a crucial moment. And there are definite moments when every man must act solitary and alone.

Conscious at-one-ness—that's the sublimest reach of peace for which all the world is sighing. After all the poets' dreaming, heaven is no more than a perfect adjustment to your surroundings. And for that very reason our highest heaven may be here—and for the same reason, our deepest hell.

Why all this sighing? Shall we count our ambitions lost because we do not attain the greatness of which we dreamed? Nature, in her most remote fastnesses, festoons her bosom with flowers of wildest beauty—only to breathe that fragrance on a solitude that's vast and drear. And because there is no eye to see her charms is she therefore the less beautiful?

Marie Correlli—that woman who writes such awfully weird stories like The Vendetta—is true to every man's ideal of a woman. Her eyes had caught the vision—the range of woman's truest kingdom. She says: "If woman has as the natural heritage of her sex the mystic power to persuade, enthrall and subjugate man, she has no need to come down from her throne to mingle in any of his political affairs." And that man may count himself all the less a man whose whole being does not yield to the sway of a womanly woman's heart.

FARMERS CLOSE BIG CONVENTION

Last Session of Meeting Was One of Enthusiasm.

DECLARE WAR ON BUCKETSHOPS

Resolutions Approving Measures to Abolish Child Labor Were Also Passed—Executive Board Will Be in Session for Several days.

Atlanta, Jan. 26.—After what has been unanimously described as the most enthusiastic and important meeting in its history, the Farmers' Union adjourned Thursday morning shortly before 12 o'clock, amid songs and congratulatory speeches and general good feeling.

So delighted were the members of the Farmers' Union with the treatment received at the hands of Atlanta that it is more than probable the spring meeting will also be held in this city.

Although the general convention has adjourned, the important part of the work of the union is yet to be accomplished. All resolutions which were passed by the convention will be presented to the executive board ,which will remain in Atlanta until the last of the week, and upon that body devolves the duty of enacting into law or discarding the work of the parent body.

The features of Thursday morning's sessions were the adoption of resolutions advocating a uniform co-operative corporation law in the various states, an indorsement of the anti-bucketshop bill now pending before congress, and condemnatory of the employment of children in factories, and urging the passage of proper legislation.

The convention was called to order at 8:30 o'clock, President Chas. Parrett occupying the chair. The invocation was by H. L. Higgs, of Greenfield, Tenn., editor of the Progressive Farmer.

An invitation from President K. G. Mattehson of the Georgia Institute of Technology, was read to visit the school before the delegates left the city. The invitation was accepted.

James Butler, of Kansas, introduced the following resolution, which was adopted:

"Resolved, That we favor a uniform co-operative corporation law in the various states."

A resolution was next introduced indorsing the anti-bucketshop bill now pending before congress, and Congressman Macon, of Arkansas, and his co-workers were given a vote of thanks for their efforts to secure its passage. In this connection, Secretary Ben. L. Griffin, of Conway, Ark., stated that 36 congressmen had pledged their support to Congressman Macon.

J. B. Lewis, president of the Arkansas state union, introduced, and it was adopted, the following resolution:

"Be is resolved, That we recommend that the state, county and local unions under the jurisdiction of the national union, demand of their respective legislators immediate passage and strict enforcement of law against the employment of children in the factories of this country; also the passage of what is known as the national eight-hour law."

It was recommended, that a national legislative committee, to look after legislation affecting the farmers, to be composed of one member from each state be appointed by the executive board.

The executive board began its sessions at the Terminal hotel after the adjournment.

FRUIT GROWERS MEET IN MACON

Large Gathering Present—Important Matters Considered.

Macon, Ga., Jan. 26.—The Georgia Fruit Growers' association, in its annual session, has had a large number of the representative fruit growers of the state in attendance.

The work on Thursday was considered of vast importance, but so well did the members who came to Macon succeed in their efforts to interest the growers throughout the state that another metting has been planned for Atlanta some time during next month. All fruit growers in Georgia will be sufficiently acquainted with the work, which is to be done then to enable them to do the cause of fruit growing in the state a very material benefit.

Besides the Macon growers, who are represented by E. J. Willingham, Felton, Hatcher, Geo. B. Jewett, Frank Hazlehurst and others, the Marshallville and Fort Valley interests were largely represented. There were many growers from the northern portion of the state. Professor Hugh Starnes: of the Georgia experiment station: Dudley M. Hughes, former president of the association, and a dozen or more other men as well known in the fruit growing industry took part in the deliberations. Professor Starnes talked at length during the morning session on the culture of the peach.

Walter Hawkins, a member of the Jacksonville board of trade, and the man who handled the Georgia crop for the fruit growers last year, was thews will appoint this committee representing this state to meet the Florida fruit growers in Jacksonville on Jan. 30. President Matthews wil appoint this this committee with a view of securing harmony of the fruits interests of the two states.

It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

SENATOR ALGER YIELDS TO DEATH

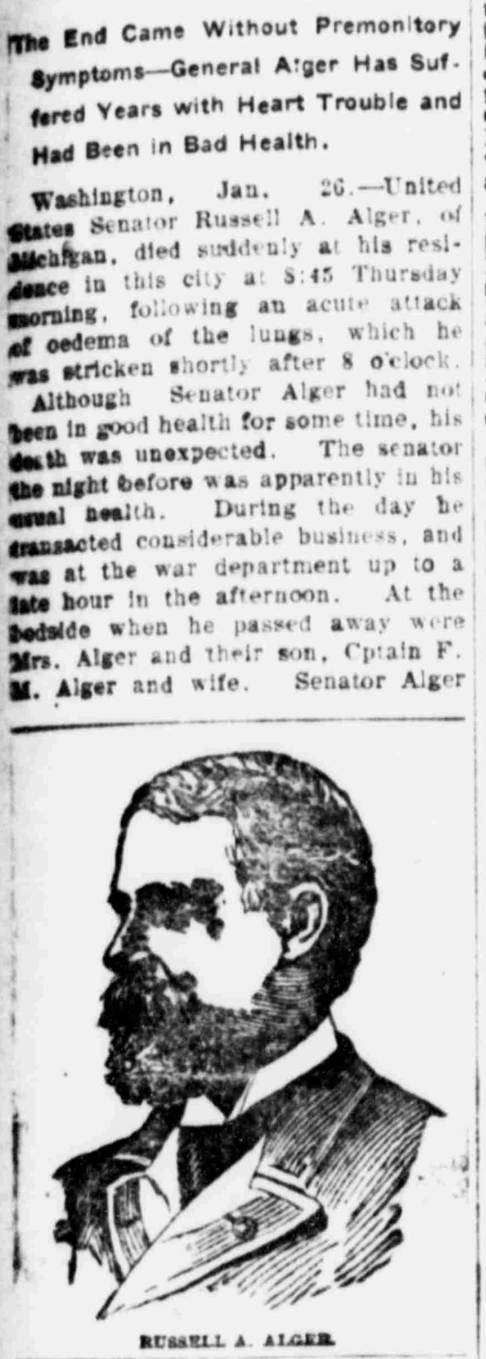
Expired at His Home In Washington, D. C.

FORMERLY SECRETARY OF WAR

The End Came Without Premonitory Symptoms—General Alger Has Suffered Years with Heart Trouble and Had Been in Bad Health.

Washington, Jan. 26.—United States Senator Russell A. Alger, of Michigan, died suddenly at his residence in this city at 8:45 Thursday morning, following an acute attack of oedema of the lungs, which he was stricken shortly after 8 o'clock.

Although Senator Alger had not been in good health for some time, his death was unexpected. The senator the night before was apparently in his usual health. During the day he transacted considerable business, and was at the war department up to a late hour in the afternoon. At the bedside when he passed away were Mrs. Alger and their son, Cptain F. M. Alger and wife. Senator Alger



RUSSELL A. ALGER

attended the session of the senate on Wednesday and remained in the senate chamber until about 4 o'clock in the afternoon listening to the debate on the Brownsville affair.

The news of his death was at once communicated to President Roosevelt and Vice President Fairbanks.

The funeral was held at 2 o'clock at the family residence, and the body was sent to Detroit, Mich., for interment.

Senator Alger is survived by his widow and five children, as follows: Mrs. Charles B. Pike, of Chicago; Mrs. H. B. Shelden, of Detroit; Mrs. William E. Bailey, of Harrisburg, Pa.; Russell A. Alger, Jr., of Detroit, who is now in Florida, and Captain F. M. Alger.

Although entitled, by army regulations, to a funeral escort, composed of one regiment of infantry, two troops of cavalry and a battery of field artillery, the family of General Alger has decided that the escort shall be confined to a squadron of cavalry. In detroit, the troops at Ft. Wayne will furnish the escort. The family of the late senator are making efforts to communicate with Russell Alger, Jr., who left Jacksonville, Fla., Wednesday for St. Augustine, on the launch Glenda.

General Alger was secretary of war during the administration of President McKinley, from March 5, 1897, to August 1, 1899, a peiod during which the administration of the war department was brought into prominence through its activity of the war with Spain, and the military operations in the Philippines that succeeded it.

Mr. Alger was patriotic, earnest and devoted to the interests of the army, and especially considerate of the welfare of the enlisted men. He was gentle, kindly man, with great confidence in his friends and associates, and was much beloved by his subordinates. The was the subject of unjust criticism because of the lack of preparations for war when war came, although for this he was in nowise responsible. His record as a soldier in the civil war was long, useful and highly honorable.

As a mark of respect to his memory it has been ordered that all flags at the military posts be displayed at half staff on the on the day of the funeral of Mr. Alger.

The session of the senate Friday was held entirely with reference to the death of Senator Alger. Rev. Dr. Edward Everett Hale delivered a special prayer, after which the reading of the journal was interrupted by Senator Burrows, who presented resolutions expressing the regret and sorrow of the body at the sudden demise and providing for a special committee of 12 senators to represent the senate at the funeral in this city and attend the body to Detroit. The resolutions further extended an invitation to the Michigan delegation in the house to attend the services and accompany the body.

The resolutions were then agreed to and the senate at 12:47 p. m. adjourned as a further mark of respect.

Representative Bishop, chairman of the Michigan delegation in the house also called the attention of that body to the death of the late Senator Alger, of Michigan, and offered the usual resolutions. After adopting the resolutions the house adjourned.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves" No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

Bogus Checks in Knoxville.

KJnoxville, Tenn., an. 26.—Bogus checks payable to order of Dr. William F. Barry, who is believed to be a check swindler who operated in this city a few weeks ago under another name, were refused payment by the Third National bank of this city. One check for $75 came from Montgomery, Ala., and bears indorsement of A. L. Cassady and C. L. Ruth & Son. The other check, for $150, is from Mobile, with Thomas J. O'Connor as indorser. The Third National refused payment, in dorsing them "No account with us." The suspected swindler is believed here to have left the Alabama cities and possibly to have gone to New Orleans, Jacksonville, Atlanta or Macon. The man operating here posed as a devout Roman Catholic, and his peculations were chiefly among members of that faith.

CATARRH A UNIVERSAL BLOOD DISEASE

Catarrh is usually worse in Winter, because of the cold, damp and suddenly changing climate. Colds are contracted, and neglected and as the secretions from the different inflamed membranes are absorbed into the blood the unpleasant symptoms of the disease commence. The nostrils are stopped up and a constant dropping of mucous back into the throat keeps up a continual hawking and spitting. The patient has dull headaches, ringing noises in the ears, and often slight fever and a depressed, half-sick feeling accompanies the disease. The blood becomes so fully charged with catarrhal matter that stomach troubles are brought on, the kidneys and bladder are affected, and if the blood is not purified of the poison the lungs become diseased because of the constant passage of impure blood through them. Catarrh cannot be cured with washes, sprays, inhalations and such treatment; these cannot reach the poison-laden blood where the real cause is located, and can only give temporary relief and comfort. A disease which affects the entire blood supply as does Catarrh, must be treated with a blood purifier. S. S. S. is the best remedy for Catarrh, which has grown to be a universal disease. It goes to the bottom of the trouble, rids the blood of the catarrhal matter, reinvigorates the circulation, and cures this disgusting disease permanently. When S. S. S. has purified the blood every part of the system receives a supply of fresh, healthy blood; then the inflamed membranes heal and every symptom of Catarrh passes away. Write for our book containing information about Catarrh, and ask for any medical advice you desire. No charge is made for either.

He has visited the southern part of the State and both he and Mrs. Burnsides are delighted with what they have seen of Florida.

Dr. J. F. McKinstry, Jr., was called to New York last Friday by a telegram announcing the serious illness of Dr. Clarence B. Strouse from pneumonia. The many friends of Dr. Strouse will be pleased to learn, however, that a telegram was received by Mrs. McKinstry yesterday stating that the patient was very much better and that Dr. and Mrs. Strouse and Dr. McKinstry would return to Gainesville the latter part of this week.

Heywood Young of Brooksville, after a few days spent with relatives and friends in this city, left yesterday for his home. Heyward is about to become a Benedict, for tomorrow he will be united in matrimony to Miss A. T. Williams of that charming South Florida city. The wedding will be private, no invitations being issued. Mr. and Mrs. Young will take a trip to Savannah, where they will be guests of the former's relatives, and after a brief visit to points on the East Coast will return to their home.
